Announcement

To my friends and owners of pianos in Topeka and vicinity, I desire to announce that I will have opened a modern, thoroughly equipped, piano hospital, and am prepared to do tuning, regulating, voicing, repairing, rebuilding and refinishing of pianos, player-pianos and pipe organs.

I have had twelve years practical training including three years in factory and feel amply justified by my extensive experience in all lines of piano work in extending to you the service of a thorough, competent mechanic.

Read State Journal Wants.

WHO THEY ARE

Census of Graduates of Kansas Colleges in Topeka.

Barring Those of Washburn, the Number Is 390.

KANSAS UNIVERSITY IN LEAD

The State Agricultural College Is Only One Behind.

Several Smaller Institutions Are Not Represented.

Barring Washburn, there are about 390 people in Topeka who have graduated from some Kansas college or university.

That is the result of the census which has been made by the committee which is getting up the inter-collegiate banquet to be held at the Masonic temple on June 8.

There have been a good many difficulties in the way of obtaining an accurate list. The various colleges try to keep track of their graduates through their alumni associations, but this is a discouraging job, and the "official" lists are in bad shape. They contain a lot of names of people who have moved away, and often there are newcomers who are not listed at all. However, these discrepancies probably amount to about a standoff, so the following totals for Topeka are reasonably correct:

Kansas University	126
Kansas Aggies	125
Kansas Normal	39
Baker University	35
Bethany, Lindsborg	21
Ottawa University	14
S. W. Kan. college, Winfield	8
Kansas Wesleyan, Salina	6
College of Emporia	3
Friends University	3
Fairmount college	3
Midland college, Atchison	1
Cooper college	0
McPherson college	0
Bethel college	0
K. C. University	0
St. Mary's (No report)	0

On More Than One Roll.
Some of the colleges have reported all former students, whether they graduated or not, and there is no way of distinguishing one from the other on the lists.

There are some names which appear on the alumni roll of as many as three different Kansas colleges.

An example of this class is William G. Magaw, principal of Lincoln school. He has degrees and diplomas from Washburn, Kansas university and the State normal.

There are many others who hold their bachelor's degree from some denominational school, and then graduated in law or medicine or pharmacy or engineering at Kansas university. The professional school graduates are what roll up the big totals of Kansas university and the State Agricultural college.

Each of the Kansas schools will have places reserved for them at the Kansas intercollegiate banquet on June 8. This banquet will be held at the Masonic temple. It is not limited to graduates. All former students are invited. Seats must be reserved not later than June 7. Tickets at Journal office.

Here is the "Topeka census" of Kansas colleges, Washburn excepted:

Kansas University.
